OFF TO THE OLD HOME.

President and Mrs. McKinley Journeying Toward Canton, Ohio.

DR. RIXEY ACCOMPANIES THE PARTY.

Wife of the President in Good Condition for the Trip, But Still Weak—News of Washington.

Washington, July 5.—President and Mrs. William McKinley, Secretary Cortelyou, Dr. Rixey and others departed at 7:45 p. m. for Canton. The party occupies a private car and expects to reach Canton about 10 o'clock Saturday morning.

Ever since the trip to Canton was decided upon, there has been a constant fear among Mrs. McKinley's friends that at the last moment it would be found that she was not strong enough to stand the fatigue of the journey. Those nearest her, however, have had every confidence that she would be in good condition for the journey when the time came, and this confidence has been justified. Dr. Rixey said Mrs. McKinley was getting along very well indeed, and that she was really better than she had been at any time since her attack while on the western trip. She is still quite weak, however, and will have with her the same nurse and maid who have attended her during her late illness. In addition to the above, party consists of a nephew and niece of Mrs. McKinley and two or three members of the White House clerical force.

Note From Russia.

Washington, July 5.—Mr. DeWolant, the charge of the Russian embassy here, called at the state department and in behalf of his government formally acknowledged the receipt of Secretary Hay's note respecting the imposition by Russia of retaliatory tariff duties. The Russian note is understood to be indefinite in terms, the principle purpose being to keep the issue between the two governments in its present condition until Count Cassini, the Russian ambassador, arrives at St. Petersburg and has had an opportunity to confer with the foreign office officials. There is, however, an earnest expression of desire on the part of Russia to cultivate the warmest relations with the United States.

Lieutenant McClure.

Washington, July 5.—Acting Adjutant General Ward received a cable message from General Chaffee, saying that Lieutenant Charles McClure, Jr., Thirtieth Infantry, died at Catbalogan, Samar, Philippine Islands, on the first instant of dysentery. Lieutenant McClure was a son of Colonel Charles McClure, pay department, and a grandson of George W. Getty, United States army, retired. He was born at Sioux City, Ia., June 10, 1877, and was appointed a second lieutenant in the army from civil life June 1, 1899.

Opening of Reservations.

Washington, July 5.—Secretary Hitchcock has had a final talk with the president, prior to the departure of the latter from Washington for the summer, regarding the opening of the Kiowa and Comanche Indian reservations. The proclamation throwing the lands open to settlement has been prepared. When the proclamation will be promulgated has not yet been positively decided, nor is the exact date of the opening determined. It is known, however, that it will not be later than Aug. 6.

Presidential Appointments.

Washington, July 5.—The president made the following appointments: Frederick V. Martin, of Indiana, to be commissioner of immigration, port of San Juan, Porto Rico; Jacob John Hunker, commander in the navy, on the retired list; Paul E. McDonald and Russell M. Young, assistant surgeon, rank lieutenant, junior grade, navy.

A Second Failure.

Mansfield, O., July 5.—Following the failure of Willis M. Sturges, owner of the Sturges bank, and the appointment on Wednesday of a receiver for the Mansfield Machine works, came the failure of Lyman A. Strong, of the Strong Elevator company, who also had an interest in the grain firm of Strong & Lauck of Bucyrus, Ohio. Strong was a depositor in the Sturges bank. He filed a deed of assignment to Attorney William McWeldon and S. Brainard Leiter, the latter formerly having been associated in business with him. Strong has been in business here since 1865 and was considered wealthy. His assets are estimated at \$60,000 and liabilities more than that amount.

St. Petersburg, July 5.—In consequence of the failure of the Knarkoff Commercial bank, the Commercial bank of Ekaterinoslav suspended payment. Its liabilities are 1,250,000 roubles.

SLASHED BY NEGROES.

Two Whites Fatally Wounded in a Serious Attack.

Ironton, O., July 5.—At Fleetwood park, John and Albert Slaughter, white, were probably fatally stabbed by Luther Page and Abner Owens, colored and Charles Martin and Riley Slaughter were beaten with clubs. The mother of the Slaughters was knocked down with a club by Owens. John Slaughter was badly cut and will die. Albert Slaughter had his jugular vein severed and his arm almost cut off. The trouble occurred over the slapping of a small white boy by a colored man and it almost caused a race riot. The colored men were placed in the county jail for safety.

A well defined attempt was made to organize a mob to lynch the prisoners. A crowd gathered at the tunnel on Olive street, but no one volunteered to lead the assault on the jail. The outcome was fortunate as a battle would have ensued. The jail was guarded and fully fifty heavily armed colored men patrolled the streets in the vicinity ready to assist in the defense of the prisoners. Public sentiment is at high tension and trouble may yet result.

Page and Owens were secretly arraigned before Mayor Mountain in the county jail in the afternoon, and it was arranged that they be taken to Portsmouth jail for safety immediately, as the authorities feared trouble.

Fourth of July Casualties.

Chicago, July 4.—The Tribune presents reports from all over the country showing the number of persons killed and injured as a result of celebrating the Fourth of July. The number actually killed is less than last year, being 19 against 30 then, but the number of injured is considerably larger, the figures being 1,611 against 1,325. The real list of fatalities, however, will not be known until the number of deaths resulting from lockjaw, caused by toy pistol wounds, come in. The loss by fire resulting from the careless use of fireworks or their premature explosion was less than in previous years, the fires as a rule being small ones and the damage light. In the entire country it amounted to but a little over \$60,000.

Now a Mormon.

New York, July 5.—In Jersey City and on the shore of New York bay, Miss Elizabeth Dickinson, a former secretary of the Young Peoples' Society of Christian Endeavor of the Port Morris Congregational church in the Bronx, has been baptized into the Mormon faith. Prior to the ceremony between 30 and 40 Mormon missionaries and converts from New York and Brooklyn held a service of song, prayer and testimony. Miss Dickinson wore a bathing robe, which looked like white or cream colored nun's veiling, encircled by silken cords. The tide was not at flood and Elder Neff and the convert had to wade out some distance.

Oppose the Congress.

Lima, Peru, July 5.—Telegrams received from Washington relative to Secretary Hay's attitude as to the discussion of the principle of arbitration at the coming Pan-American congress in Mexico, have caused a bad impression in Lima. An editorial in El Comercio, headed by "Washington Imbroglio," is quoted as saying: "Frankly, we cannot understand what is passing in Washington, but one thing is evident, the projected Pan-American congress in Mexico cannot be met. At least eight republics for their own self respect will accompany Peru in abstaining from the conference."

Viewed Pingree's Remains.

Detroit, July 5.—Thousands of sorrowing friends and admirers of Hazen S. Pingree, former governor of Michigan, passed through the line corridor of the city hall, where the ex-governor's body lay. The special car containing the body and the party of Detroiters who went to New York to escort the remains to this city, arrived over the Michigan Central at an early hour. Detroit Post, G. A. R., of which Mr. Pingree was a member, was drawn up at the station when the train arrived. The body was placed in the hearse and the cortege started through the crowded streets for the city hall.

Bonds Stolen.

Topeka, Kan., July 5.—Several days ago a driver for an express company received a large ordinary looking envelope to be dispatched from Topeka to Hiawatha, Kansas. When he reached the express office the driver discovered that the envelope was missing. Returning to the sender he learned that it contained \$2,000 in bonds of the city of Hiawatha, Kan. The envelope has not been found. Payment on the bonds has been stopped.

Triple Tragedy.

Albany, Mo., July 5.—A McConkey, a young farmer, brained his neighbor, John Bryant, and Bryant's son with a club. He then shot himself, but is still alive. McConkey is supposed to be insane.

TO EXTEND THE STRIKE

Freight Handlers at Work Among Their Fellows in the Mound City.

A FEW HUNDRED CEASE LABOR.

Tie-Up Complete in East St. Louis and the Men are Confident—Steel Workers, Reading Strike and Other Labor Troubles.

St. Louis, July 5.—An effort made by the striking freight handlers of East St. Louis to call out the men in the freight house on this side of the river was only partially successful. Less than a hundred went out, it is stated. A crowd of 200 strikers and sympathizers from the east side succeeded in getting most of the men in the North St. Louis freight houses near the river front to quit work. They were dispersed by the police, however, when they reached the Campbell street station and made a demonstration around the Frisco and Missouri Pacific warehouses. The attempts to extend the strike which has been in progress in East St. Louis since Monday, to the Missouri side, was made, it is said, in retaliation for the policy the railroads adopted of billing freight through St. Louis in order to avoid the congested warehouses in the east side.

In East St. Louis, the congestion of traffic continues, only a small quantity of freight being moved. The Illinois Central railroad has imported 120 negroes, who they put to work in the places of the striking truckers and sorters. A car full of youths and boys from nearby points are also being used by that road as checkers and clerks. They and the freight handlers are working without interference. The 1,500 striking freight handlers are still out. They are confident of winning through the co-operation of the other railroad men.

At the Telluride Mines.

Denver, July 5.—The situation at Telluride is reported unchanged, the miners still being in possession of the property. No further developments are likely until the commission appointed by Governor Orman, consisting of Judge Theron Stevens of Ouray, Lieutenant Governor D. C. Coates, who is secretary of the State Federation of Labor, and John Murphy, attorney for the federation, arrive at Telluride and confer with representatives of the miners' union and the Smuggler-Union company. George Nicholson, engineer at the mine, who was reported to have been killed in the fighting on Wednesday, is still alive and has a chance for recovery. He was shot in the head.

Steel Strike Situation.

Pittsburg, July 5.—There seems to be little or no change in the steel strike situation. At the headquarters of the Amalgamated association all is quiet. President Shaffer, when asked if there was any truth in the rumor that he was going to New York for a conference with the officials of the United States Steel corporation, said: "No; I have not been invited and do not want to go. The only trip I may take is to Milwaukee to assist in the settlement of several special scales for the Federal Steel company." The signature to the Amalgamated scale was received from the Cleveland Hardware company of Cleveland.

Formed a Union.

Philadelphia, July 5.—Delegates representing 8,000 workmen in all branches of the leather trade in this country and Canada, at a meeting in this city, formed the Amalgamated Leather Workers' Association of America. This new international union will affiliate with the American Federation of Labor. Marcellus Waite of Philadelphia was elected president and Dennis Healy of Lowell, Mass., secretary.

Strikers Still Out.

Reading, Pa., July 5.—Not one of the former employees of the Reading railroad car shops who went on strike recently, returned to work. Their representatives agreed on Wednesday at a conference with President Baer of the company to end the strike, but the strikers repudiated this agreement and decided to remain out until the company recognizes their union. There are 1,252 men on strike.

Labor Union Sued.

Dayton, O., July 5.—The Dayton Manufacturing company, which under went a long strike with the metal polishers, brings a suit for \$25,000 damages against the polishers as a local organization and as individuals. The purpose of the suit is to establish the question of liability in strike troubles where damages ensue to the manufacturer.

A Coming Event.

The Hague, July 5.—The accouchement of Queen Wilhelmina is expected to occur about Christmas.

RIOT ON A TRAIN.

Discharged Colored Soldiers Mix Up With Fatal Effect.

Albuquerque, N. M., July 5.—Two wounded men, one fatally and the other shot through the leg, were brought here on one of the soldier trains passing through to the east. Near Holbrook the discharged negro soldiers got to shooting promiscuously through and out of the cars, and Frank Phillips, colored, received a bullet in the abdomen, while a white soldier named W. A. Eversole, and claiming Denver as his home, was shot through the fleshy part of his right leg. A woman living in a small town west of here was coming out of the door when one of the soldier trains was passing and received a bullet through her arm. At Winslow, before the soldier train reached the town the citizens armed themselves with shotguns and rifles, and when the train stopped at the depot would not allow the soldiers to leave the cars and ordered the railroad officials to pull out with the train forthwith. All the discharged soldiers carry arms and they are accused of committing depredations along the route.

LOST BY A LENGTH.

Pennsylvania Rowing Crew Disappoints the American Rooters.

Henley, July 5.—To the disappointment of all the Americans at Henley, the Leander Rowing club crew defeated the crew of the University of Pennsylvania in the final heat for the grand challenge cup. There was bright sunshine and puffy cross winds blowing from the Bucks shore, slightly favoring the Leander station. The followers of the British crew evinced the greatest confidence, and Leander money was everywhere available, but this confidence never exceeded anything beyond even money. The race was a splendid exhibition Pennsylvania losing by a length.

Hints of a Shortage.

Louisville, July 5.—In explanation of the assignment Wednesday of the wholesale milliner firm of Bareford & Lawson, with liabilities of \$58,000 and assets of \$20,000, Charles H. Bareford made the following statement: "As it is becoming apparent that there is a shortage in the funds of the firm, I am willing to give out all that I at present know. About a month ago I went to French Lick Springs to recuperate, and when I returned I found the books of the firm hopelessly entangled and Mr. Lawson out of the city. I have no idea of the whereabouts of Mr. Lawson." Mr. Bareford refused to say what discrepancy in the books of the firm amounts to, though it is said to be not less than \$30,000.

Match Companies Merged.

London, July 5.—Arrangements have been perfected by which the Diamond Match company, limited, of England, becomes amalgamated with Bryant and May, the world-famous firm of matchmakers of Bow. While all the details of the proposed amalgamation are definitely settled, the actual papers will not be signed until Thursday next, after which the Diamond Match company will cease to exist as an English company. It is understood that the terms contemplate a division of territory between the former rivals, the Diamond Match taking the north of England, Scotland and Ireland, while Bryant and May devote themselves entirely to the demands of southern counties.

Attacked With Stillets.

Steuernville, O., July 5.—A bloody cutting affray occurred at Wheeling Junction, just across the Ohio river from this city. Three Italians laborers, armed with knives, met Jacob Eldenour, his wife and three sons, William, Philip and Robert, on the county road in front of their home. A dispute arose and the Italians attacked the Eldenours with their knives, killing the father and son, William, on the spot. The murderers escaped.

Allen O. Myers Sues Elks.

Columbus, O., July 5.—Allen O. Myers filed in the circuit court of the United States a suit to recover \$50,000 from the Benevolent and Protective Order of Elks of the United States of America, for alleged wrongful and illegal expulsion from the order by the grand lodge in July, 1897, and for the appropriation without compensation to him of the ritual now in use by the order of which he was the author.

Fatal Spree.

Pittsburg, July 5.—Four Italian miners, while on a spree, went to an abandoned coal mine at Catsburg, about a mile from Monongahela City. They were overcome with fire damp and found dead later in the day. The names: Steve Cosey, Andrew Getzinski, Mike Manowski, Frank Yanky. All were employed by the Schoenbury Coal company.

Minister to Brazil.

Berlin, July 5.—The emperor has appointed Herr Von Treutler German minister to Brazil.

CLOUDS CUT A CAPER.

Deluge Western Michigan and Send the Rivers Out of Their Banks.

DAMAGE WELL UP IN THE THOUSANDS

Railway Service Crippled, Mills Closed and Crops Destroyed. Ravages of Hot Wave in the Middle West.

Grand Rapids, Mich., July 5.—Western Michigan was visited by a disastrous cloudburst and the resultant damage will amount to thousands of dollars. Both the Pere Marquette and Grand Rapids and Indiana railroads are crippled north of here and all northbound passenger trains are obliged to make long detours, while freight traffic is paralyzed. Between here and Howard City on the Grand Rapids and Indiana the roadbed is washed out in a dozen places and the Pere Marquette is in the same condition. The Grand Trunk can get no trains east on account of the washing out of a bridge at Saranac. Dams in the Flat and Rouge rivers, north of here, have been washed out and many mills along these streams will be idle for days. The Grand river rose three feet and six inches in four hours and is still rising rapidly. Great damage was done to fruit trees and growing crops in the western Michigan peach belt.

Tragedy Due to Heat.

Des Moines, Ia., July 5.—F. A. Brackett, a retired farmer from Atlantic, Ia., killed his wife and then shot himself in their room at the home of their daughter, Mrs. Olise Powell. When discovered Brackett was lying on the bed with a bullet hole through his forehead, while his wife was upon the floor with a bullet hole in her temple. Both were dead. The deceased was a man 68 years of age. They had come to Des Moines to spend the Fourth and had gone to the park during the day, where Brackett frequently complained that the heat of the day was making him ill. It is believed his mind became affected.

No Relief in Sight.

Washington, July 5.—A break in the hot wave was reported in some portions of the country, but it is still very hot in most of the territory east of the Rockies. Baltimore and St. Louis, according to the official observations, were the hottest cities in the United States. Relief has come in New England; the temperature is below the seasonal average there. In Boston it is four degrees below the normal. The seat of the hot wave is in the middle Atlantic states and in the middle Mississippi valley. No permanent relief is in sight, although thunderstorms are likely to occur at any time.

Family Struck By Lightning.

Pittsburg, July 5.—George McWilliams and family, while enjoying an outing near Monesson, on the Monongahela river, took refuge from a terrific storm under a large oak tree. Lightning struck the tree and prostrated the entire party. When a relief party reached the scene two girls, Esther and Elizabeth, aged 6 and 8 respectively, were dead, and an infant, May, lived but a short time afterwards. Mr. McWilliams is totally paralyzed and his wife is in such a condition that she cannot live. A 10-year-old son was severely shocked but may recover.

Heat Prostrations.

Chicago, July 5.—Prostrations from heat made a new record for the present summer, 26 cases having been reported during the day. The deaths numbered five. Not only were people overcome, but in at least two instances, insanity followed. While most of the victims will recover, several are said to be in serious condition and may be added to the death roll later.

New York Fairly Comfortable.

New York, July 5.—The weather bureau reported a temperature of between 85 and 90 degrees during the day. This is a few degrees higher than it was Thursday, but a pleasant breeze from the southwest made the weather fairly comfortable.

Hot and Stifling.

Kansas City, July 5.—The day opened hot and stifling, scarcely a breath of air stirring. Only two prostrations, one of which proved fatal, were reported. This was the first death from heat in Kansas City this year.

Porto Rico Acts.

San Juan, P. R., July 5.—The legislature of Porto Rico, in special joint session about three hours, adopted by unanimous vote the preliminary resolution favoring the abrogation of tariff duties on exchange of commodities between the island and the United States. Governor Allen signed the resolution.

This week's meeting of the Board of Education was the final scholastic act of the year, and the work of the twentieth century is now on for the Maysville schools. The new departure is made under the most favorable auspices, and, if no backward step be taken, a splendid future is opening for the children of this community. Expansion in a high sense is the order of the day. No school can prosper and stand still. Our schools must furnish the advantages offered by the best. We have a large and well trained corps of teachers—active, sympathetic, enthusiastic, and each, in every department, well fitted to do his or her work. As long as they manifest the same spirit of devotion to the common improvement, the great system of schools of which they form an indispensable part will rest upon a solid foundation, and ultimately realize the most ambitious hopes of its friends. There is not one of these intelligent workers whose services are not appreciated by the public at large. In every community, of course, there is a party that instinctively favors a policy of reaction and retrogradation. Such a party in these times carries but little weight. Failure is stamped upon it from the beginning; and, as a rule, one does not take counsel of an adviser who is a dead failure himself.

Carnegie Yearns for Youth.

[London Cable to the New York World.]

T. P. O'Connor publishes a remarkable conversation which he had with Andrew Carnegie at Skibo. He says:

"As we drove to the station I was saying how I envied him his wealth.

"He said, 'I'm not really to be envied. How can my wealth help me? I am sixty years old, and I cannot digest my food. I would give you all my millions if you could give me youth and health.'

"Then I shall never forget his next remark. We had driven some yards in silence, when Mr. Carnegie suddenly turned and in hushed voice and with bitterness and depth of feeling quite indescribable said:

"If I could make Faust's bargain I would. I would gladly sell anything to have my life over again."

"And I saw his hands clench as he spoke."

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899.

I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodore's Black Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

EARNED, NOT BOUGHT.

Such is the Reputation of "The Little Conqueror" in Maysville.

How hard it often is to earn and maintain a good reputation and how easy it is to lose one. As with a man's reputation so it is with other things in life. Some things achieve a reputation which stays with them. They are founded on intrinsic value. They face the public backed up by honesty and work their way quietly but thoroughly. Maysville people want no better proof of merit than is contained in the following experience of a citizen:

Mr. C. L. Hubbard, dairyman, of 325 West Third street, says: "I have the greatest faith in Doan's Kidney Pills. The use of less than one box ended a disturbed condition of the kidneys and an inflammation of the bladder. After some time it returned, but in a lesser degree, and I procured another box of Doan's Kidney Pills at J. James Wood & Son's drug store. Use of it substantiated the opinion I had already formed of this effective preparation."

TURKISH TOWELS!

Philadelphia beats Turkey at towel making—beats it on the very sorts for which Turkey is famed. It's the fault of the Sultan's Government largely, for the Armenian workers are handicapped. Half the pleasure of a bath is the good rub that comes after it and Turkish towels are unqualifiedly the best for the rub. A Philadelphia mill has had a housecleaning and as a consequence we have a worthwhile bargain for you. Big unbleached Turkish towels 1 1/2 yards long and 28 1/2 inches wide—only 25c. If that doesn't sound like a good deal for the money—if your ears are skeptical, call here—your eyes will be instantly convinced.

Exquisite Wash Taffata!

Ribbons, six inches wide, plain and fancy, white and colors, 25c. yard.
Regular 75c. Washable Chamois Gloves, cream or white, 59c.
New Pique stocks finished with stylish buckle and bow 25c.
Pretty colored Lawn Ties banded with white, 25c.
Tucked and hemstitched White Mull Ties 25c.
Folded Pique Stocks 15c.
Handsome Silk Windsor, Four-in-Hand and String Ties 25c. and 50c.

IT WAS GOOD TO BE THERE.

Delightful Lawn Fete at a Pretty West End Home Last Evening.

Decidedly the event of the season was the lawn fete given last night for the benefit of the Y. M. C. A. on the beautiful grounds of Mr. and Mrs. Robert A. Cochran in the West End. The fine residence was artistically draped in the American colors and bunting, while the lawn was prettily illuminated with Chinese lanterns. The Mayeville Orchestra discoursed its sweetest music throughout the evening, and the happy throng of old and young made merry, patronizing the refreshment stands with liberal frequency.

Altogether it was a delightful affair, and those in charge deserve great credit for the success attained. About \$60 was the sum netted.

A Little Fish Story.

In the northern part of Brown County one day last week, while rain fell in sheets, there came a number of fish two and three inches long. They were found at several points after the shower, many miles in some cases from streams, and all apparently uninjured.

"An Ounce"

Of satisfaction is worth a ton of talk. My gasoline and oil stoves, refrigerators, freezers and ranges are the heat made and do give satisfaction. My prices lowest. W. F. POWER.

Jane Elvira Utter, wife of Rev. J. W. Utter, and a daughter of Samuel Rogers, a noted pioneer preacher, died this week at Los Angeles. She was born in Bourbon County.

Judge Doniphan and a number of other citizens, of Augusta, wired Gov. Beckham Thursday morning to put a stop to the prize fight billed at that place for the Fourth. The Governor immediately wired the Sheriff of Bracken calling his attention to the law against prize fighting and directed him to use every means in his power to enforce the law. The fight took place, however, and the backers of the show will likely land in court.

River News.

The Queen City for Pittsburg, Bonanza for Pomeroy and Urania for Ironton will pass up to-night.

Under a recently enacted Kentucky law all unbranded, unclaimed logs found floating in the rivers must be advertised and sold to the highest bidder.

The timber men who had so many logs and ties swept away by the recent floods have had a force of hands at work in this vicinity this week gathering up their property.

It is the general opinion of marine weather prophets that there will be a good navigable stage of water in the Ohio river all the year, and that there will be no low water season. Rivermen hope their predictions may prove true, as it is a brisk year for business, and all the boats are carrying lots of freight and crowds of people.

AT BREAK OF DAY,

Venerable Widow of the Late Jacob Marsh, of Charleston Bottom, Called to Her Eternal Reward.

Mrs. Abi Marsh, widow of the late Jacob Marsh, and mother of the editor of the BULLETIN, died at an early hour this morning, after a long illness of catarrh of the stomach.

Deceased was about eighty years of age and was born in Harrison County, this State, but had resided in Mason most of her life. Her maiden name was Neal, she being a cousin of the late Thomas Neal. She was the mother of eight sons and three daughters, of whom seven sons and two daughters survive,—Wm. A., Walter C., Calvin T., Benjamin F., Mrs. N. H. Richardson and M. F., of this city and county, Mrs. Philip Cooper, of Brown County, O., Dr. Henry Marsh, of Danville, and N. B. Marsh, of Denver. An only brother, Elias Neal, died recently at Kenmundy, Ill., at the age of eighty-two.

Deceased was a member of the Presbyterian Church in early life, but later united with the South Methodist Church and died a member of the Old Stone Church on Lawrence creek.

The funeral will take place to-morrow at 3:30 o'clock, services at the residence in Charleston Bottom, conducted by Rev. Taylor. Burial in the cemetery near Broshers Station.

Trouble Of A Minister.

To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, eruptions, boils, eczema, tetter, salt rheum show in the blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures these troubles. Satisfaction is guaranteed or money refunded by J. Jas. Wood & Son. Large bottles only 50c.

Miss Mary Huston January has been appointed private secretary of Judge Cochran.

Rev. J. A. Lee, of Covington, will fill the pulpit at the Baptist Church to-morrow morning. There will be no night service.

The Kentucky lodges, A. O. U. W., having won the \$2,000 offered as a prize to the State showing the greatest gain in membership, the sum will be prorated among the various subordinate lodges throughout the State. The organization now has 500,000 members in the United States.

Rev. I. J. Spencer, of the Central Christian Church, Lexington, who announced from the pulpit his wish that the men of his congregation would appear in shirt waists during the hot months, has asked the ladies to dispense with their hats in church. He gives as his reason that he believes in having common sense go along with religion.

Mr. James Childs and bride arrived home yesterday morning from their trip East and about midnight last night were treated to an old-time clarivari. Tin pans, tin horns, giant firecrackers and most any old thing with which to make a noise were brought into requisition by their friends, who gave the couple about the noisiest welcome extended to a bridal couple in many a day.

The Democratic primary election held at Paris was very close and resulted as follows: For Mayor, the incumbent, Ben Parry, won over W. F. Talbott by seven majority. Ed. Hinton won the Police Judgeship by forty. For Councilmen, Messrs. Earl Ashbrook, Hugh Montgomery, D. C. Parish, James O'Brien and Thomas Brannon were nominated. For Chief of Police George M. Hill had no opposition.

SECTION 1.—Be it ordained by the Board of Council of the City of Maysville, That the sidewalk shall be reconstructed on the north side of Second street, beginning at a point in the north line of said second street two hundred and forty-three and two-thirds (243 2/3) feet from the western line of lower street, and extending west from said point on the north side of second street twenty-one hundred and forty-three feet to a point opposite to the western terminus of the Maysville Street Railway track, which sidewalk shall be reconstructed, the width and grade and in the manner and of the materials, as in hereinafter specified, that is to say, the bed of the pavement shall first be excavated five feet wide from the outer building line of said street to the outside curb line and graded as shown by the stakes set by the Engineer in front of the respective lots or parts of lots abutting on the improvement, and a good stone curbing set so that it will make the pavement five feet wide from the outer building line to the outside curb line; over the excavated bed, between the outer building line and curb line, shall be spread a coat of elenders to the uniform depth of six inches, and upon the elenders shall be uniformly spread a coat of clean sand two inches deep, as a sub-bed for the bricks, and upon this bed of sand good paving brick shall be closely laid, and the crevices well filled with clean sand, and the pavement shall be so constructed as to incline downward from the building line toward the center of the street at the rate of one-half inch per foot for the entire width, the work to be done under the supervision of the Engineer or Council.

SECTION 2.—Be it further ordained, That the said city of Maysville shall not in any event be liable for any of the cost of materials or doing said work. The contractor furnishing the materials and doing said work shall look exclusively to the liens on the property of the property holders fronting said improvement for his pay.

SECTION 3.—Be it further ordained, That a special assessment is hereby levied and assessed upon each front foot of the lots or parts of lots fronting on said improvement as well in the aggregate make the whole amount of the cost and expenses of reconstructing the sidewalk, including curbing, provided for in Section 1 of this ordinance, which assessment is hereby apportioned to the front foot of the lots or parts of lots at the estimated cost per foot in the specifications of the Engineer, on file in the City Clerk's office of said city, as owned by the parties respectively fronting said improvement as follows:

and the said assessment shall be due and payable to the contractor as soon as the work is completed in front of any of the lots or parts of lots fronting said improvement, and accepted by the Engineer, and a lien shall exist as provided for by law for the cost of the reconstruction of said sidewalk, to take effect from the date of the passage of this ordinance for the apportionment and six per centum interest per annum thereon from the time of the acceptance of the work by the Engineer against the respective lots or parts of lots of land fronting or abutting or bordering upon the said improvement, as aforesaid; however, if any of the above named owners or owners of lots or parts of lots respectively fronting on said improvement have hitherto reconstructed their sidewalks so that they conform to the profile and specifications of the Engineer and the same are now in good condition and repair, the lots or parts of lots of the said owner or owners shall be exempt from assessment for the cost of said improvement, as herein provided.

SECTION 4.—Be it further ordained, That permission is hereby granted to the owner or owners of lots or parts of lots fronting upon said improvement to reconstruct said sidewalk so as to conform to the profile and specifications of the Engineer, at their own cost, under the supervision of the Engineer or Council in thirty days from the last publication of this ordinance, and on their failure to do so, and upon the passage of this ordinance the Board of Council shall advertise and let the contract to the lowest responsible bidder, who shall furnish good security for the faithful performance of said contract, and the Mayor, on behalf of the city, shall enter into a contract with the contractor, and the Clerk shall attest it and file it with the records of the Board, and the contractor shall within ten days begin his work under said contract, and shall complete the same without delay.

SECTION 5.—Be it further ordained, That it shall be the duty of the Clerk of the Board of Council of Maysville to make out all apportionment warrants for which liens are given as required by this ordinance and to issue said warrants against the lot-owners in favor of the contractor, stating the amount due him, and bear interest from the time of the acceptance of the work of the Engineer and specifying the name of the owner, and giving a short description of the lots subject to lien.

SECTION 6.—Be it further ordained, That this ordinance shall be published as required by law.

SECTION 7.—Be it further ordained, That this ordinance shall be in force and effect from its passage and publication.

Passed in Council July 1st, 1901.

Attest—W. E. STALLCUP, Mayor.

J. L. DAULTON, City Clerk.
